PROFILE

A dynamic, efficient, and creative student with a background in graphic design and bartending, studying web development, and eager to explore the world. At Nimb, as a bartender, I have gained a lot of experience working with people and understanding their needs by asking the right questions.

Working in the hospitality industry, especially in 5-star hotels, was a challenge, but it gave me the possibility to understand what it means and how important it is to be a team player. I aim to be a valuable and flexible addition to your team, helping the company run smoothly.
